## EXPECTED CHANGES TO ELIGIBLE OCCUPATIONS FOR 457 VISAS

The Government's next review of the Skilled Occupation List in January 2018 is likely to result in further changes to the occupations deemed eligible for a 457 Visa. Below are the occupations currently being considered for removal or addition to the Short Term Skilled Occupation List (STSOL). Stakeholder consultation will be taken into account before the list is finalised.

While there may soon be changes to the STSOL, The Immigration Department has confirmed there are no proposed changes to the Medium to Long Term Strategic Skills List (MLTSSL) at this time. The MLTSSL states which occupations are eligible to transition to permanent residence from a 457 Visa.
